## MEDICAL EXAM ROOM PRODUCTS

### HOT off the Press - New Products!

It's exciting times at Hamilton Medical Furniture. We are proud to introduce fourteen new products as of January 1. **They are the following:**

- Six New Manual Treatment Tables
- Two New Powered Treatment Tables
- A Premium Top option for the E2 and Medallion Tables.
- Two new Phlebotomy Chairs
- Two new Step Stools (one with hand rail)
- And one Mobile Cabinet for the Military

The **NEW V2 Series Manual Treatment Tables** are available with an "H" Brace, Full Shelf or Two-drawer/Shelf Combination. Each are also available with adjustable back. The powder-coated steel frame contains adjustable leveling feet.

All tables feature and include :

- Seamless top, easy-to-clean, stain resistant upholstery.
- Reinforced "H" Brace for superior strength and offering stability.
- Comfy medium density foam
- Ster-O-Sheet Paper Roll Dispenser

Above—V2 W/Adjustable Back & drawers. Model #6K57AD

We know you'll find our handsome new treatment tables a welcome addition to your growing arsenal of Hamilton Medical products. These tables are an

economical alternative to our heavier outrigger base Versatility Tables, depending on the needs of your customer. Don't let that next treatment table sale pass you buy!

(continued next column)

The following new products will be featured in-depth in future issues of **TABLE TALK**.

The **Versatility Series Power Treatment Table** is now available in both flat top and adjustable back. This is a fantastic table for occupational health and physical therapy. (Versatility Model#6K528 is shown at left.)

A **Premium Top** option is now available for both the **E2 Series** and **Medallion Exam Tables**. This fashionable top fits the bill for the office that wants a more "rounded", "plush", upholstery look.

You spoke, and we listened and added **two new Phlebotomy Chairs** to our line. Both chairs are padded. The **7K75** (wide seat version at right) is a fit for virtually ALL practices—We know you'll agree!

The V2 Series Treatment Tables, Versatility Tables, our Premium Top Option and Phlebotomy Chairs are available in Hamilton's standard colors or the custom color of your choice.

Hamilton makes a **Military Mobile Cabinet** which is primarily designed for government use. Our unique 6 drawer, locking, medical/dental cabinet (with a stainless steel top) is powder coated in mist-green. This mobile unit could be used in many areas.

**Two new Step Stools** have been added to our line as we accommodate our distributors who enjoy placing everything on one purchase order.

Please call us for 2008 pricing (if you haven't yet received it) and further information on any of the products listed above. **Call us TODAY at 888-871-5600 or e-mail away to sales@hamiltonmed.com!**

**New Literature of all products is in the final production phase and should be available very soon. We appreciate your business as we grow together with you in 2008. Happy New Year!**
